

16" FAT APE HANDLEBAR KIT WITH RISER – 56942-10B (CHROME), 55857-10B (SATIN BLACK)

16" FAT APE HANDLEBAR KIT WITH RISER – CHROME & SATIN BLACK

16" FAT APE HANDLEBAR KIT WITH RISER

Reach for the sky. This brawny 1.25" Fat Ape Handlebar is the ideal choice for the long-armed rider, or anyone looking for that classic "fists in the wind" riding profile. Factory drilled to allow internal wiring, the show-quality chrome or satin-black finish complements your bike's overall design sense. This 16.0" high bar and riser combination provides the look you crave around town, and the bar can be rotated in the clamp and locked down to place your hands in your ideal open-road riding position. Handlebar kit includes matching riser and custom handlebar clamp that conceals the wire exit for a clean look.

Fits '12-'16 FLD, '06-later FXDB, '08-later FXDF, '16-later FXDLS, '99-later FXDWG, '00-later FLS, FLSS, FLSTC, FLSTF, FLSTFB, FLSTFBS, FLSTN, FXCW, FXCWC, FXST, FXSTB and FXSTC, '03-later FLHR and FLHRC (except '14-later models equipped with H-D® Detachables™ Docking Kit P/N 52300131) and '17-later FLHRXS models. All models require separate purchase of additional installation components. Does not fit with Heated Hand Grips, Hydraulic Clutch Kits, handlebar-mounted gauges, or Softail® Freight Train Nacelle Kit.

56942-10B Chrome.

55857-10B Satin Black.

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.

Switch Wire Extensions, 10"	69200034	69200034	69200034
Turn Signal Wire Extensions, 12"	69201618	69201618	69201618

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.
