

BATWING REACH® HANDLEBAR 55800589 (CHROME), 55800590 (GLOSS BLACK)

BATWING REACH HANDLEBAR

BATWING REACH® HANDLEBAR

The Batwing Reach Handlebar is shaped to provide all-day riding comfort for smaller stature riders. Extensively tested with panels of riders that stand 5'-1" to 5'-5" tall, the Reach handlebar was ergonomically designed to provide the ideal combination of shoulder position, elbow bend and wrist angle. The bar brings the grips closer to the rider, and features a narrower width, lower height and flatter hand position. The shape delivers a relaxed wrist angle for reduced arm fatigue, and the narrow profile brings the hands in toward the center of the vehicle for easier maneuvering.

The Reach handlebar was designed and developed in conjunction with the Harley-Davidson Reach seat for Touring models. Combining a Reach Seat with a Reach Handlebar provides a smaller stature rider with an optimized rider triangle and a complete fit solution.

Fits '08-later Electra Glide®, Street Glide®, Ultra Limited (except '10-'13 FLHTK) and '09-later Trike models (except Freewheeler®). Also fits '17-later FLHTKSE and FLHXSE models. Does not fit with accessory Heated Hand Grips. All models require separate purchase of additional components. Street Glide models and models with fairing-mount mirrors require separate purchase of handlebar-mounted mirrors and Fairing Plugs.

55800589 Chrome.

55800590 Gloss Black.

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.
