

SPORTSTER® REACH® HANDLEBAR – 56021-04B (CHROME)

SPORTSTER REACH HANDLEBAR

SPORTSTER® REACH® HANDLEBAR

This chrome handlebar is designed to bring the controls closer to the rider for increased comfort. Especially helpful for shorter riders or for riders that prefer a close-to-the-bar riding position.

56021-04B Chrome.

Fits '04-'10 XL883C and '04-later XL1200C models. Installation requires separate purchase of additional components.

Brake Lines, ABS – Lower	n/a	41800230A	41800232A

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.
