

ROAD GLIDE® CHIZELED LO HANDLEBAR – 55800568 (CHROME), 55800569 (GLOSS BLACK)

ROAD GLIDE CHIZELED LO HANDLEBAR

ROAD GLIDE® CHIZELED LO HANDLEBAR

With a low 9.0" rise and a flat drag bar hand position, this compact Z-bar will place the rider into an aggressive, tucked-in riding posture. The 1.25" Chizeled Bar replaces mitered and welded corners with cast seamless 90° bends for added strength and style. The cast elbows eliminate sharp internal bends and the bar features removable Bar & Shield plugs to simplify internal wiring. Bars are available in brilliant chrome or gloss black finishes to match your bike's custom direction.

Fits '15-later FLTRX and FLTRXS models. All models require separate purchase of additional components. Does not fit CVO™ models or models equipped with heated hand grips.

55800568 Chrome.

55800569 Gloss Black.

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.
