598 GPS & AUDIO

Tunes – Cruiser Bikes

A. BOOM!™ AUDIO CRUISER AMP AND SPEAKER KIT

Add tunes to your ride. These Boom!™ Audio Cruiser Amp and Speaker Kits provide amplified music through two great-sounding 3.5" speakers. Available in chrome or black finish, the individual speaker pods clamp to either a 1" or 1-1/4" handlebar and can be adjusted to direct the sound toward the rider. The waterproof speaker elements are protected behind stylish black and chrome grills that are finished with a center-mounted Bar & Shield medallion. The compact two-channel, 40-watt stereo amplifier mounts out of the way on the frame down tubes, and the 1/8" (3.5mm) stereo auxiliary input connects to most portable audio players, some of which can be easily housed in our convenient Boom! Audio Music Player Tank Pouch. The integrated hand control features volume up/down buttons and a backlit on/off button, and is designed for easy operation with your right thumb, even while wearing gloves. Complete kit includes all wiring and mounting hardware.

Fits '04-later XL, '12 FLD, '10-later FXDWG, '00-later Softail® (except FXS) and '99-later Road King® models. '12 Dyna® and '11-later Softail models require separate purchase of Electrical Connection Kit P/N 72673-11. Does not fit with Sport Windshields, 1/4 Fairing, or windshield bags. Will not fit with Road Tech™ zūmo® or Road Tech SiriusXM™ on XL or FXSTB models. Does not fit with Frame Mounted Highway Pegs P/N 50855-09 or 50865-09.

76262-08 Chrome.

76320-08 Black.

A. BOOM! AUDIO CRUISER AMP AND SPEAKER KIT – CHROME (SHOWN ON SOFTAIL DELUXE)

A. BOOM! AUDIO CRUISER AMP AND SPEAKER KIT – CHROME (SHOWN ON SPORTSTER)

B. BOOM! AUDIO CRUISER AMP AND SPEAKER KIT – WINDSHIELD MOUNT

B. BOOM!™ AUDIO CRUISER AMP AND SPEAKER KIT – WINDSHIELD MOUNT

Add a custom sound system to your windshield-equipped model. This Boom!™ Audio Cruiser Amp and Speaker Kit features a stylish black and chrome enclosure that mounts to the inside of the windshield, and because it rests below the cross brace, it maintains a low-profile appearance. The water-proof enclosure conceals the great-sounding 3.5" speakers behind a rich black grill, and the surrounding chrome band adds a stylish finishing touch. Want to strip your bike down? Then just unplug the speaker enclosure wiring, and the unit can be removed with the detachable windshield. The compact two-channel, 40-watt stereo amplifier mounts out of the way on the frame down tubes, and the 1/8" (3.5mm) stereo auxiliary input connects to most portable audio players, some of which can be easily housed in our convenient Boom! Audio Music Player Tank Pouch. The integrated hand control features volume up/down buttons and a backlit on/off button, and is designed for easy operation with your right thumb, even while wearing gloves. Complete kit includes all wiring and mounting hardware.

76321-09

Fits '12 FLD, '09-later FLSTC and '00-later FLHR/C with stock, low-profile or tall King-Size windshields. Fits '07-later FLSTF and FLSTFB with detachable King-Size windshields. '11-later FXS models require separate purchase of Windshield Mounting Bracket P/N 76000155. '12 Dyna® and '11-later Softail® models require separate purchase of Electrical Connection Kit P/N 72673-11. Does not fit with handlebar-mounted gauges, windshield bags, Nostalgic, Sport, Super Sport or Quick-Release Compact Detachable Windshields. Does not fit with Frame Mounted Highway Pegs P/N 50855-09 or 50865-09 or Freight Train Chrome Headlamp Nacelle P/N 67907-96C.

Also available:

BOOM! AUDIO WINDSHIELD CRUISER SPEAKER/AMP MOUNTING BRACKET

Required for installation of Windshield Mount Boom! Audio Cruiser Speaker and Amplifier Kit P/N 76321-09 on detachable compact windshields.

76000155

Fits '00-later FXST and FXSTB and '11-later FXS models equipped with Detachable Compact Windshields. FXS models require separate purchase of Horn Relocation Kit P/N 69015-08.

C. BOOM! AUDIO SIRIUSXM™ SATELLITE RADIO – HANDLEBAR MOUNT*

Over 170 channels to satisfy any taste in music, news, sports, talk, and entertainment. The convenient handlebar-mounted receiver features large buttons that allow easy access, even while wearing gloves. Twenty pre-set stations allow easy access to your favorite channels. The multi-line LCD screen is easy to read, and features an adjustable backlight for maximum daylight and nighttime visibility. SiriusXM unit can be connected to the auxiliary input in most fairing-mount radios or Boom! Audio Cruiser Amp and Speaker Kits for concert-hall sound, or used with mini-plug headsets. The complete kit includes SiriusXM receiver, adjustable handlebar mount, compact antenna and antenna mount, and all wiring and installation hardware. Kit also includes automotive adapter plate and 12-volt power source for in-car use. (Requires separate purchase of compatible automobile installation kit – visit www.shop.siriusxm.com for more information.) Activation and monthly subscription service required with additional fee. For a limited time, your first three months of service are free.

76390-05A

Fits '96-later Dyna, Softail and Touring models. '12 Dyna and '11-later Softail models require separate purchase of Electrical Connection Kit P/N 72673-11. Can be used with Original Equipment fairing mount radio, Road Tech Riser Mount Radio, or Boom! Audio Music Headset. Not compatible with Handlebar Mount GPS Navigation System, left-hand Auxiliary Switch Housing, or Clutch Lever Mounted Clock or Thermometer.

Tunes – Touring Bikes

A. ADVANCED AUDIO AM/FM/CD RADIO KIT BY HARMAN/KARDON®

Upgrade your Electra Glide® Standard model to the latest in mobile communications technology. The Advanced Audio Radio is the first step to a total entertainment experience. Compatible with other Advanced Audio accessories, the radio features a menu-driven display that provides easy access to the many standard and available features. The radio features 6 AM and 10 FM radio presets, integrated weather band with weather alert warnings, and a single disc CD player that is compatible with CD/CDR/CDRW and MP3 format discs. MP3 compression technology allows each CD to hold up to 10 hours of music. The two fairing-mount speakers (included) are powered by a 20-watt per channel internal amplifier, and the Automatic Volume Control adjusts the volume to compensate for motorcycle speed. The complete Advanced Audio Radio Kit includes everything your dealer needs to install the AM/FM/WB/CD unit in the fairing of a 2006-later Electra Glide Standard model. Dealer Digital Technician® software update is required. Dealer installation is recommended.

76412-06

Fits '06-'10 Electra Glide Standard models. '06-'08 models require Hidden Antenna P/N 76000040. '09 models require Antenna Frame Mount Kit P/N 76556-09 and separate purchase of antenna. '06-later models with Tour-Pak® require Tour-Pak Antenna Kit P/N 76251-98A.

B. BOOM!™ AUDIO IPOD® INTERFACE

Available exclusively for models equipped with the Harley-Davidson® Advanced Audio System by Harman/Kardon®. The Boom!™ Audio iPod® interface allows you to access your iPod playlists, artists, songs, and albums while you keep your hands on the handlebar. At the touch of your fingertips, you can use the factory audio hand controls to scan through the iPod menus, and view the selections on the radio face. The module mounts directly to the radio, and is concealed inside the fairing for a clean look. Just plug in your iPod nano®, iPod Touch®, or iPhone® and hit the road. Kit includes a powered iPod cable that charges your player when it is connected to the system and the bike is turned on. The iPod can be remotely stored in the saddlebag with the separate purchase of Boom! Audio Saddlebag iPod Holder P/N 76000143.

76476-10

Fits '06-later FLHT, FLHTC, FLHTCU, FLHTK, FLHTCUTG, FLHX, FLHXXX, FLTR, FLTRX and FLTRU models equipped with an Advanced Audio radio. Does not fit '12 CVO models. '06-later FLHX, FLTR, FLTRX, and FLHTC models and those not equipped with Wiring Harness P/N 70169-06 require the separate purchase of Connector Kit P/N 69200033. Models equipped with Boom! Audio Fairing Amplifier require installation of iPod Relocation Kit P/N 76000238.

C. BOOM! AUDIO SIRIUSXM™ SATELLITE RADIO KIT*

Don't lose the radio reception in the middle of your favorite song. SiriusXM™ Satellite Radio allows you to listen to the same channel as you cross the country. With over 170 digital channels, you'll always find a program that satisfies your taste for music, news, entertainment and sports. Your radio display provides information regarding artist name, song title, and channel information so you will always know what program you are listening to. 15 channel presets allow you to quickly access your favorite programming. Activation and monthly subscription service required with additional fee. For a limited time, your first three months of service are free.

76404-06

Fits '06-later Touring models equipped with an Advanced Audio Radio (except FLHXSE2/3 and FLTRXSE). Requires installation of appropriate Wiring Harness and Antenna Bracket P/N 76456-06 (FLH models) or 76316-06A (FLTR models).

D. BOOM!™ AUDIO CUSTOM TOURING SYSTEM

Attention all audiophiles. Now you can experience unsurpassed audio performance while cruising the boulevard or rolling along the open highway. First introduced on the Custom Vehicle Operations™ (CVO™) '12 FLHXSE3 model, this complete audio system is engineered to deliver exceptional clarity and concert-hall sound performance in an outdoor environment. Designed to direct the sound toward the center of the motorcycle, the Boom!™ Audio Custom Touring System's complement of fairing, fairing lower and saddlebag-mounted speakers combine to envelop the rider and passenger in the music.

System-matched to the Original Equipment Advanced Audio Radio, this kit includes:

- (2) Two-channel, 100 watts/channel Amplifiers (fairing and saddlebag)
- (2) 5.25" Fairing Speakers
- (2) 2" Tweeter Pods (will require gauge removal)
- (2) 6.5" Mid-Range Fairing Lower speakers
- (2) 5x7 Full range Saddlebag Lid speakers
- All required wiring and mounting hardware

76000209

Fits '06-later FLHX (except FLHXSE2/3) and '06-'09 FLHT models equipped with Advanced Audio Radio. Requires separate purchase of Vented Color-Matched Fairing Lower Kit and appropriate Saddlebag Lids. Does not fit models equipped with Heavy Breather Air Cleaner. Not compatible with Tour-Pak® luggage, Boom! Audio Music and Intercom Kit or Boom! Audio Bike-to-Bike Communication Kit. Dealer Digital Technician® software update is required. Dealer installation is recommended.

Also available:

IPOD RELOCATION KIT

Create room inside your fairing for a Boom! Audio Amplifier or additional Advanced Audio radio modules by relocating the iPod Interface Module to the saddlebag. Kit includes saddlebag mounting bracket, module cover and all necessary wiring.

76000238

D. BOOM! AUDIO CUSTOM TOURING SYSTEM

602 GPS & AUDIO

Tunes – Touring Bikes

A. BOOM!™ AUDIO HIGH PERFORMANCE BOOM! BAGGER SPEAKERS

Capture every note. Boom!™ Bagger High Performance Speakers are designed for maximum performance in the harsh motorcycle environment. Two-way speaker design with separate full-range element and grill-mounted tweeter provides improved high-frequency response that helps cut through the road and wind noise. Increased speaker sensitivity provides louder output than Original Equipment speakers and the leading competition at the same volume setting, resulting in reduced distortion for improved clarity at speed. Vibration-tested 5-1/4" waterproof 2 ohm speakers feature Injection-molded woofer cones with a high-flux Neodymium magnet, and are sized to be a direct replacement for the factory speakers with no modification to the speaker housing. Complete kit includes two-way speaker design with separate custom grill-mounted tweeters, electronic crossovers, and plug and play wiring connections. Speakers feature two-year warranty.

77181-10 Electra Glide® Fairing Speakers.
Fits '06-later fairing mount speakers on Electra Glide and Trike models equipped with Advanced Audio System.

77028-10 Road Glide® Fairing Speakers.
Fits '06-later Road Glide models equipped with Advanced Audio System.

77037-10 Tour-Pak® Rear Speakers.
Fits '06-later FLHTCU, FLHTCUTG and FLHTK models equipped with the Advanced Audio Radio System and Touring models equipped with Tour-Pak Mounted Speakers P/N 76000021.

NOTE: The H-D® Advanced Audio Radio or H-D Boom! Audio Amplifier will power up to a total of 4 speakers. On models with only 2 fairing speakers currently installed, additional speakers can be added and powered off of the 2 remaining open channels. Additional speaker options include Boom! Audio Fairing Lower Speakers, Boom! Audio Saddlebag Lid Speakers or Boom! Audio Tour-Pak Rear Speakers.

C

C. BOOM! AUDIO REAR SPEAKER POD KIT

D

D. BOOM! AUDIO HIGH-PERFORMANCE SPEAKER KIT – '98-'05 MODELS

B. BOOM!™ AUDIO BASS BOOSTER TOUR-PAK® PORT KIT

This Bass Booster Port Kit provides significant improvements in bass response without adding a subwoofer, and has no impact on useable Tour-Pak® carrier cargo capacity. When installed, the open port permits the speaker pod to “breathe,” reducing the compression effect that limits speaker cone travel. You hear a 21% increase in bass response for better sound with a fuller bottom end, and an 82% reduction in peak distortion for accurate bass reproduction. Noticeable improvement is gained with both Original Equipment and Boom!™ Audio High Performance Speakers. The kit contains black-anodized aluminum ports, stainless steel audio-transparent grills, and unique Sound Sealing technology to give you that Boom! you were looking for.

76000013

Fits '06-later FLHTCU, FLHTCUTG, FLTRU and FLHTK models. Also fits models equipped with King Tour-Pak and Boom! Audio Rear Speaker Pod Kit. Does not fit with Boom! Audio High Output Sound System P/N 76418-06 or 76418-06A.

C. BOOM! AUDIO REAR SPEAKER POD KIT

Add concert-hall sound to your motorcycle. Boom! Audio Rear Speaker Pod Kit includes Boom! Audio High Performance rear speakers, rear speaker pods, and passenger controls for rear headset volume, CB PTT, and radio tuning. For even more bass performance, add the Boom! Audio Bass Booster Tour-Pak Port Kit P/N 76000013 (*sold separately*). Speakers feature two-year warranty.

76000021

Fits '06-later Touring models (except FLHXSE2/3 and FLTRXSE) equipped with an Advanced Audio Radio and Tour-Pak luggage system. Requires installation of appropriate Wiring Harness. Dealer Digital Technician software update is required. Dealer installation is recommended.

NOTE: The H-D® Advanced Audio Radio or H-D Boom! Audio Amplifier will power up to a total of 4 speakers. On models with only 2 fairing speakers currently installed, additional speakers can be added and powered off of the 2 remaining open channels. Additional speaker options include Boom! Audio Fairing Lower Speakers, Boom! Audio Saddlebag Lid Speakers or Boom! Audio Tour-Pak Rear Speakers.

D. BOOM! AUDIO HIGH PERFORMANCE SPEAKER KIT

Add brilliance to your '98-'05 H-D sound system through the simple installation of these enhanced speakers. Each speaker has its own ferro-fluid-cooled tweeter and a two-way coaxial design for an improved range of sound. Your stock sound system truly comes alive and can be heard like never before. Upgrade both your front and rear speakers (*sold in pairs*).

77181-01

Fits '98-'05 FLHT and FLTR, FLHTC and FLHTCU. Stock on '01-'05 FLT, FLTR, FLHT, FLHTC and FLHTCUI models.

604 GPS & AUDIO

Tunes – Touring Bikes

A. BOOM!™ AUDIO SADDLEBAG SPEAKER KIT

Grab the best seat in the house. Boom!™ Audio Saddlebag Speakers provide two powerful rear speakers, directed at the rider for concert sound. Saddlebag mounted speakers increase the available sound pressure level, and produce higher listening volume, lower distortion, and improved clarity at highway speeds. The latched and gasket-sealed saddlebag acts as a large speaker enclosure to enhance bass response. The pair of 5" x 7" waterproof 2-ohm full range speakers feature suspended 1" tweeters that are directionally optimized for improved rider acoustics. The vacuum-formed woofer cones feature high-flux Neodymium magnets for more power with less weight. Extensively tested to withstand the harshest riding conditions, the speakers fit seamlessly in custom-designed saddlebag lids (*sold separately*), and are covered by stylish but durable mesh speaker grills. Kit includes left and right speakers, grills, protective mounting baskets, rear wiring harness, and installation hardware. Saddlebag lids and model-specific wiring harness sold separately. Speakers feature two-year warranty.

76000202

Fits '06-later Touring models (except FLHXSE2/3, FLTRXSE) with Advanced Audio Radio. Requires separate purchase of appropriate Saddlebag Lids and Wiring Harness. Not compatible with Boom! Audio Music and Intercom Kit P/N 77107-09, Boom! Audio Music and Intercom Kit P/N 77108-09. Dealer Digital Technician® software update is required. Dealer installation is recommended.

NOTE: The H-D® Advanced Audio Radio or H-D Boom! Audio Amplifier will power up to a total of 4 speakers. On models with only 2 fairing speakers currently installed, additional speakers can be added and powered off of the 2 remaining open channels. Additional speaker options include Boom! Audio Fairing Lower Speakers, Boom! Audio Saddlebag Lid Speakers or Boom! Audio Tour-Pak® Rear Speakers.

B. SADDLEBAG SPEAKER LIDS

Custom saddlebag lids are shaped to accommodate Boom! Audio Saddlebag Lid Speakers. Speaker cutouts are formed to angle the speakers and direct the sound forward toward the rider and passenger. Lids are available in Vivid Black or primed and ready for your custom paint design. Kit includes saddlebag lid, lid gasket, mounting plate and striker plates, and installation reuses Original Equipment hinges, locks and mounting hardware.

Fits '06-later Touring models equipped with Boom! Audio Saddlebag Speaker Kit P/N 76000202.

90200612 Primed – Left.

90200613 Primed – Right.

90200614 Vivid Black – Left.

C

C. BOOM! AUDIO FAIRING LOWER SPEAKER KIT

C. BOOM!™ AUDIO FAIRING LOWER SPEAKER KIT

Drive through a wall of sound. Boom!™ Audio Fairing Lower Speakers provide two additional sound sources directed at the rider for a concert-hall sound experience. Adding fairing lower speakers to your current two-speaker system increases the available sound pressure level, permitting higher listening volume, lower distortion, and improved clarity at highway speeds. The pair of 5-1/4" waterproof 2-ohm full range speakers feature suspended 1" tweeters that are directionally optimized for improved rider acoustics. The injection-molded woofer cones feature high-flux Neodymium magnets for more power with less weight. The speakers nestle into the glove box area of the available Vented Fairing Lower (sold separately), providing a combination of great sound and added weather protection. Kit includes left and right speakers, glove box mounts, and installation hardware. Fairing lowers and model-specific wiring harness sold separately. Speakers feature two-year warranty.

76000050

Fits '06-later FLHT, FLHTC, FLHX, FLTR and FLTRX models (except FLHXSE2/3 and FLTRXSE). Requires separate purchase of Color-Matched Vented Fairing Lower Kit and appropriate Wiring Harness. Does not fit models equipped with Heavy Breather Air Cleaner. Not compatible with Boom! Audio Music and Intercom Kit P/N 77107-09, Boom! Audio Music and Intercom Kit P/N 77108-09 or Detachable Fairing Lower Hardware Kit P/N 58146-07. Dealer Digital Technician® software update is required. Dealer installation is recommended.

NOTE: The H-D® Advanced Audio Radio or H-D Boom! Audio Amplifier will power up to a total of 4 speakers. On models with only 2 fairing speakers currently installed, additional speakers can be added and powered off of the 2 remaining open channels. Additional speaker options include Boom! Audio Fairing Lower Speakers, Boom! Audio Saddlebag Lid Speakers or Boom! Audio Tour-Pak® Rear Speakers.

Tunes – Touring Bikes

A. BOOM!™ AUDIO BOOM BAGGER AMP & SPEAKER KITS

- Boom! Bagger system offers an increase in frequency response range of 12% over the popular aftermarket upgrade amplifier and speaker system and 80% over the Stock system
- Boom! Bagger system distortion is 57% lower than popular aftermarket system providing increased clarity
- Boom! Bagger system output is >50% louder (6dB) than popular aftermarket system at the same volume setting
- Strong midrange response cuts through wind and road noise
- Extended bass response for accurate, full music reproduction

Fill the air with sound from this Boom! Audio Ultra Boom! Bagger Kit. Available to fit 2- and 4-speaker equipped Electra Glide models, this complete audio kit provides the latest in Harley-Davidson® audio components. When installed, the increased power of the amplifier provides the speakers with a clean signal, and a custom equalization is available to further optimize the performance of the Boom! Audio speakers. Speakers feature two-year warranty. Dealer Digital Technician® software update is required. Dealer installation is recommended.

A. BOOM! AUDIO ULTRA BOOM! BAGGER KIT

ULTRA BOOM! BAGGER KIT

Kit includes Boom! Audio fairing and rear speakers, the Bass Booster Port Kit, and the Boom! Audio Tour-Pak®-mounted Amplifier.

76000051

Fits '06-later FLHTCU, FLHTK and FLHTCUTG models equipped with the Advanced Audio Radio. Also fits Electra Glide® and Street Glide® models equipped with Advanced Audio Radio, rigid-mount King Tour-Pak and rear speaker pods.

STREET GLIDE AND CLASSIC BOOM! BAGGER KIT

Kit includes Boom! Audio fairing speakers and Boom! Audio Fairing Mount Amplifier.

76000074

Fits '06-later FLHX (except FLHXSE2/3) and '06-'09 FLHT models. Not compatible with Boom! Audio XM™ Satellite Radio Kit P/N 76404-06, Boom! Audio Bike-to-Bike Communication Kit P/N 76416-06C or Tour-Pak luggage. Requires separate purchase of appropriate Wiring Harness. Models equipped with Boom! Audio iPod® Interface P/N 76476-10 require separate purchase of iPod Relocation Kit P/N 76000238.

A. BOOM! AUDIO STREET GLIDE AND CLASSIC BOOM! BAGGER KIT

B. BOOM! AUDIO AMPLIFIER KITS

Take your music to the streets. Boom! Audio Amplifier Kits allow you to crank up the volume with significantly less distortion. The amplifier provides more power than Original Equipment radio alone, resulting in increased volume, fuller sound reproduction, reduced clipping, and lower Total Harmonic Distortion (THD) than head unit alone. When teamed with Boom! Audio Speakers, the Boom! Amplifier provides 50% louder (6dB) system output than other popular aftermarket systems at the same volume setting. The system-matched high-output signal features optimized sound equalization for crisp, clear vocals and maximum bass response, and the strong midrange response cuts through wind and road noise. The amplifier features 40 watt/channel (160 watt total) output. Kit includes all mounting hardware.

76000070 Fairing Amp.

Fits '06-later FLHX (except FLHXSE2/3) and '06-'09 FLHT models. Not compatible with Boom! Audio SiriusXM™ Satellite Radio Kit P/N 76404-06, Boom! Audio Bike-to-Bike Communication Kit P/N 76416-06C or Tour-Pak luggage. Requires separate purchase of appropriate Wiring Harness. Models equipped with Boom! Audio iPod Interface P/N 76476-10 require separate purchase of iPod Relocation Kit P/N 76000238.

76000169 Fairing Amp.

Fits '06-later Road Glide® models (except FLTRSE, FLTRXSE, FLTRUSE/2). All models (except FLTRU) require separate purchase of appropriate Wiring Harness. See your Dealer for details.

76000068 Tour-Pak Amp. (not shown)

Fits '06-later Touring models (except FLHXSE2/3 and FLTRXSE) equipped with an Advanced Audio Radio and rigid-mount Tour-Pak luggage system. Compatible with 2- and 4-speaker systems. Requires installation of appropriate Wiring Harness. See your Dealer for details.

C. BOOM!™ AUDIO SPEAKER TRIM

Add a touch of chrome to your Boom!™ Audio Speakers. Chrome trim rings outline the speaker and accent the full-range element and the grill-mounted tweeter. Easy to install, the trim rings complement available chrome and Diamond Ice fairing trim. Sold in pairs.

76000156 Front.

Fits '06-later Electra Glide®, Street Glide® and Trike models with Boom! Audio Fairing Mount Speakers.

76000157 Rear.

Fits '06-later Touring models with Rear Speaker Pods and Boom! Audio Tour-Pak Rear Speakers.

D. DIAMOND ICE SPEAKER TRIM

Add a fine line of rhinestones around the perimeter of the Original Equipment speaker, and a little bit of flash to the dash and rear speaker boxes. These chrome-plated trim bezels mount directly over the speaker grills, and complement the complete line of Diamond Ice accessories. Easy to install, the kit includes left and right speaker trim and required mounting supplies.

61400033 Front.

Fits '96-later Electra Glide, Street Glide and Trike models with Original Equipment speaker grills. Does not fit '11-later FLHXSE or models equipped with Boom! Audio High Performance Speakers.

61400034 Rear.

Fits '98-later FLHTCU, FLHTK and '09 FLHTCUTG models. Does not fit models equipped with Boom! Audio High Performance Speakers.

E. BOOM! AUDIO MUSIC PLAYER TANK POUCH

This portable music system pouch is designed for motorcycle use. The neoprene jacket offers hard-core protection for your portable music device, while the built-in magnets hold the pouch securely to the fuel tank. The clear play-through window permits touch-screen control, and the anti-skid interior allows the pouch to accommodate players of various sizes. The clamshell design makes inserting your player into the pouch quick and easy, and the double zipper allows for headphone and output cables to exit the pouch at any point on top, bottom or one side of the pouch. Simply plug in your headphones or connect your in-dash Advanced Audio Radio with an auxiliary cable or Boom! Audio iPod® Interface and enjoy your music collection. Works well with many MP3 and other personal music players, but should not be used with hard-disk memory players. Window measurement: 2.25" W x 4.0" H.

76000193

Fits models with steel fuel tanks or airbox covers.

F. BOOM! AUDIO SADDLEBAG IPOD® HOLDER

Protect your iPod from the elements, and keep it out of sight. Designed to complement Boom! Audio iPod Interface-equipped models, this saddlebag-mounted iPod Holder replaces the Original Equipment saddlebag tether and suspends your iPod in a shock-reducing zippered pouch. Just route your iPod Interface Cable to the saddlebag, plug in your iPod, and forget about it. You control the operation with the fingertip controls on your Advanced-Audio Radio.

76000143

Fits '06-later Touring models equipped with Color-Matched Hard Saddlebags and the Boom! Audio iPod Interface P/N 76476-10. Stock on FLHXSE2 and FLTRUSE models.

608 GPS & AUDIO

Communications – Touring Bikes

A. BOOM!™ AUDIO MUSIC AND INTERCOM KIT

Add headphone-access music and rider-to-passenger communication to your Advanced Audio System-equipped Touring bike. The stock radio can be programmed to enable the integrated intercom mode that works flawlessly as you ride down the road, and this wiring kit includes the addition of front- and rear-communication ports to bikes without rear speaker pods or Tour-Pak® luggage. Discrete tank and rear fender pods accept 7-pin plugs for rider and passenger headsets that allow the rider and passenger to listen to infotainment programming without disturbing the neighbors. The rear port features a separate volume control, so both rider and passenger can adjust the sound to comfortable levels.

This kit also permits installation of a detachable Tour-Pak carrier to your rear speaker-equipped Ultra and Ultra Limited models. By relocating the headphone jack and the push-to-talk control from the speaker pod to the rear fender, full radio and communications function is retained when you remove the Tour-Pak.

Kit includes rider and passenger plug-in pods, fairing speaker/headset switch, left-side hand control with push-to-talk switch, and required mounting hardware. Works with full- or half-helmet headsets (*sold separately*).

77107-09

Fits '07-later Touring vehicles (except FLTRX) equipped with Advanced Audio Radio. Requires installation of Intercom System Flash P/N 76441-06/DT. Models equipped with Road Tech™ Navigation Interface Module P/N 76000024, Boom!™ Audio iPod® Interface P/N 76476-10, Boom! Audio SiriusXM™ Satellite Radio P/N 76404-06, Boom! Audio Bike-to-Bike Communications Kit P/N 76416-06C or any other audio/speaker accessory should use Advanced Audio Intercom Add-On Kit P/N 77108-09A.

Bike-to-Bike Communication Feature:

In addition to all the features of the Boom! Audio Music and Intercom Kit, Kit P/N 77108-09A can also provide bike-to-bike communications features. The Boom! Audio Music And Intercom Kit enables high quality, high range, hassle free Bike-to-Bike communications with the purchase of Communication Kit P/N 76416-06C, Wiring Harness P/N 70169-06, and model-specific CB Antenna. This will allow you and your passenger to talk to other riders, even when you are miles apart.

77108-09A

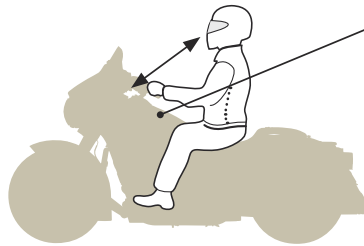

Fits '07-later Touring models (except FLHXSE2/3 and FLTRX/SE) equipped with Advanced Audio Radio and Road Tech Navigation Interface Module P/N 76000024, Boom! Audio iPod Interface P/N 76476-10, Boom! Audio SiriusXM Satellite Radio P/N 76404-06, Boom! Audio Bike-to-Bike Communications Kit P/N 76416-06C or any other audio/speaker accessory. Requires installation of appropriate Wiring Harness and Intercom System Flash P/N 76441-06/DT. Not compatible with Boom! Audio Saddlebag Speaker Kit P/N 76000202 or Boom! Audio Fairing Lower Speaker Kit P/N 76000050.

A

77107-09 or 77108-09A

Add headset-access music and rider-to-passenger communication to your Advanced Audio System-equipped '07-later Touring bike.

Kit includes rider and passenger plug-in pods, fairing speaker/headset switch, left-side hand control with push-to-talk switch and required mounting hardware.

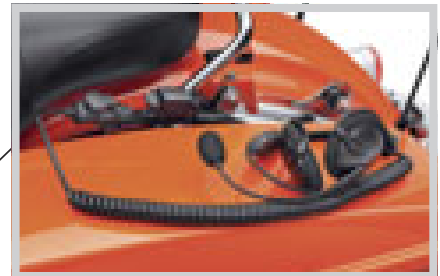

Discrete tank port accepts 7-pin plugs for rider. Works with Boom!™ Audio full- and half-helmet music and communication headsets.

A. HEADSET ACCESS TO MUSIC (FM/AM, CD, IPOD PLAYER OR SIRIUSXM RADIO) AND NAVIGATION COMMANDS FOR RIDER OR PASSENGER

A

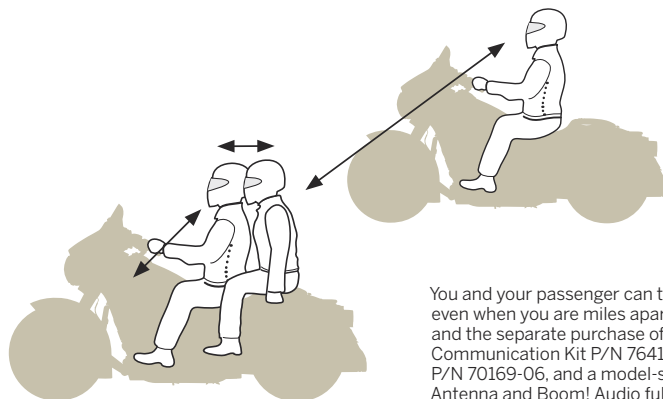

The rear port features a separate volume control, so both rider and passenger can adjust the sound to comfortable levels independently.

Discrete rear fender port accepts 7-pin plugs for passenger. Works with Boom! Audio full- and half-helmet music and communication headsets.

A. RIDER-TO-PASSENGER COMMUNICATION THAT IS FULLY INTEGRATED INTO THE ORIGINAL EQUIPMENT RADIO

A

You and your passenger can talk to other riders, even when you are miles apart with P/N 77108-09A and the separate purchase of Bike-to-Bike Communication Kit P/N 76416-06C, Wiring Harness P/N 70169-06, and a model-specific Bike-to-Bike Antenna and Boom! Audio full- and half-helmet music and communication headsets. Also works with Boom! Audio SiriusXM Radio P/N 76404-06.

A. ADD OPTIONAL BIKE-TO-BIKE COMMUNICATION BETWEEN RIDER, PASSENGER, AND OTHER BIKES OR AUTOS

B. BOOM! AUDIO BIKE-TO-BIKE (B2B) COMMUNICATIONS KIT

B. BOOM!™ AUDIO BIKE-TO-BIKE (B2B) COMMUNICATIONS KIT

Communicate with your friends on any of 40 channels. Easy-to-use handlebar controls allow PTT and adjust squelch levels for maximum performance and reception quality. Integrated CB System will mute the radio while in transmit or receive mode. Bike-to-Bike system allows you and your passenger to talk with other riders, even when you are miles apart.

76416-06C

Fits '06-later Touring models equipped with an Advanced Audio Radio (except FLHXXX, FLHXSE2/3 and FLTRXSE). Requires installation of appropriate Wiring Harness, CB Antenna Mounting Kit P/N 76410-09 (frame mount) or 76400-09 (Tour-Pak® mount), Communications Switch Kit P/N 77173-06, 77173-07 or 77173-08. '06-'07 FLHX models also require the following items: Fuel Tank Console P/N 61270-98A, Tank Console Gasket P/N 71294-89, Tank Console Screw P/N 3652, Tank Console Nut P/N 7964, Adhesive Clip P/N 10120, Adhesive Clip P/N 10103, Tank Pod Mounting Screws P/N 2462 (Qty. 3), FLHT Trim Piece P/N 52447-96, Grommet P/N 59778-06, and a CB Pod Trim Badge and separate purchase of microphone. '08-later FLHX and FLTRX models also require Fuel Tank Console P/N 61270-08, and Clips P/N 10103 and 10120. (The Console Screws, Fuel Door, Gasket, mounting bracket will all need to be reused).

C. BOOM! AUDIO MUSIC AND INTERCOM KIT – TOUR-PAK MODELS

C. BOOM! AUDIO MUSIC AND INTERCOM KIT – TOUR-PAK® MODELS

Keep the lines of communication open. This easy-to-use voice activated intercom system allows the rider and passenger to communicate without resorting to hand signals. Independent volume controls allow rider and passenger to adjust the sound to comfortable levels. The integrated system automatically lowers the radio volume when the intercom is in use.

76440-06

Fits '08-later Touring models equipped with an Advanced Audio Radio and a Tour-Pak luggage system. Requires installation of appropriate Wiring Harness, Intercom System Flash P/N 76441-06/DT, Rear Speaker Kit P/N 76000021, Communications Switch Kit P/N 77173-08.

D. BOOM! AUDIO COMMUNICATIONS SWITCH KIT

Allows the use of a Harley-Davidson® helmet headset on Touring models that are not equipped with the helmet headset interface. This kit contains Console Pod Assembly, Left-Hand Control Switch Assembly and Fairing Speaker Switch.

77173-08

Fits '08-later Touring models (except FLHXSE2/3, FLTRX and FLTRXSE) equipped with an Advanced Audio Radio System. Installation requires separate purchase of appropriate Wiring Harness. FLHX models require separate purchase of additional installation components (see instruction sheet).

D. BOOM! AUDIO COMMUNICATIONS SWITCH KIT

E. BOOM! AUDIO SYSTEM WIRING HARNESSSES

E. BOOM! AUDIO SYSTEM WIRING HARNESSSES

Allows installation of SiriusXM™ Satellite Radio components on Ultra models.

70164-06

Fits '06-later FLHTCU, FLHTK, FLTRU and FLHTCUTG models equipped with Advanced Audio Radio.

Allows installation of Bike-to-Bike Communications, Intercom, SiriusXM Satellite Radio, or Rear Speaker components.

70169-06A

Fits '06-later FLHT, FLHTC, FLHX, FLHXXX, FLTR and FLTRX models equipped with Advanced Audio Radio.

Allows installation of SiriusXM Satellite Radio Kit on Ultra models. Does not provide connections for additional components.

70172-06

Fits '06-later FLHTCU, FLHTK, FLTRU and FLHTCUTG models equipped with Advanced Audio Radio.

ROAD TECH™ ZŪMO® 665 GPS NAVIGATOR WITH SIRIUSXM™

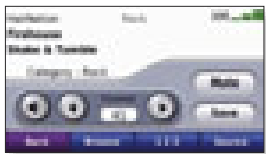

Leave the maps behind and let the zūmo® 665 be your guide. This motorcycle-friendly navigator is more than just a GPS unit—it offers options such as continuously updated satellite weather and traffic information. And with stereo Bluetooth® and SiriusXM™ Satellite Radio, you can rock out while you ride on. No matter where you're going, the zūmo 665 can lead the way.

Complete kit includes: zūmo 665 GPS, Preloaded City Navigator® NT for North America, mounting cradle with integrated power cable, SiriusXM antenna, carrying case, dust cover for motorcycle mount, battery pack, charger, automotive suction cup mount and power cable, USB cable, and owner's manual.

76000014

Fits '96-later XL, XR, Dyna®, Softail®, Touring, and '02-later VRSC™ models (except VRSCR) with separate purchase of Handlebar Mount Kit P/N 76000191, 76000192 or Fairing Mount Kit P/N 92238-09. '11 Softail models require separate purchase of Electrical Connection Kit P/N 72673-11. Also fits most automobile windshields or dash. Requires separate purchase of Road Glide® Antenna Fairing Mount P/N 76000016 or Road Tech Antenna Pouch P/N 76000061. Electra Glide® XM Antenna Mount included.

SIRIUSXM SATELLITE RADIO

LANE ASSIST

WEATHER RADAR

TRIP COMPUTER

WIDE SCREEN

Touch-screen access to programming, 3-D and overhead maps and digital dashboard.

MOTORCYCLE-FRIENDLY DESIGN

- Can be linked to the Advanced Audio Radio for integrated operation, through separate purchase of Road Tech™ Navigation Interface Module
- Built-in Harley® Dealer Database
- Rugged vibration-tested and approved mounts (*sold separately*)
- Unique satin black case complements hand control finishes
- Free Activation and three months free SiriusXM™ Satellite Radio with the XM Select Package, Radio NavTraffic and NavWeather subscriptions* (see owner's manual for details)
- Two-year warranty

THE RIGHT TOUCH

The zūmo 665's bright 4.3" touch-screen color display makes it a breeze to check directions. The intuitive interface is glove-friendly, and the wide, high-resolution display is easy to read no matter what time of day (or night) you're riding. The zūmo 665 features a rugged waterproof design, so it's as comfortable on the road as you are.

ADD XM RADIO, XM NAVTRAFFIC AND XM NAVWEATHER

Stay ahead of the storm or don your rain gear if you can't avoid the rain. Simply upgrade your SiriusXM Radio subscription to include NavWeather to access continuously updated weather data and weather

radar graphics from your map screen. The zūmo® 665 comes standard with a GXM™ 40 XM antenna. Plus, when you add NavTraffic, you can find out where the trouble spots are and route around them.

PLUG AND PLAY

Don't wait to hit the road—simply plug in the Road Tech zūmo 665 and go. It's preloaded with City Navigator NT street maps and millions of points of interest (POIs) that include motels, restaurants, gas stations, ATMs and more. If you're in unfamiliar territory, the zūmo 665 offers 3-D building view and lane assist with junction view so you know just how to get where you're going. And there's no need to worry about running out of gas on your motorcycle—the zūmo 665 features a digital gauge that lets you know when it's time to fuel up.

SMOOTH TALK

The Road Tech zūmo 665's Bluetooth® wireless technology lets you talk on your phone without taking off your helmet or gloves. Just connect the unit to most Bluetooth-enabled headsets or helmets, then pair it with your cell phone to make and receive calls.

THAT'S ENTERTAINMENT

If you're going on a long ride, the Road Tech zūmo 665 will keep you entertained the entire way. It features an MP3 player and advanced Bluetooth A2DP technology, so you can listen to gorgeous stereo sound as the miles fly by. It also offers SiriusXM Radio (subscription required)* giving you the choice of over 170 channels

including commercial-free music plus news, sports, talk, entertainment and more. It's also loaded with a picture viewer, and can play audio books to keep things interesting.

A SIMPLE PLAN

The Road Tech zūmo 665's trip-planning tools make it easy to design a cross-country trip. You can create your own custom routes via Ride Planner by visiting www.H-D.com and then transfer the route directly to your zūmo. When the ride is over, you can go over your rides in Google™ Earth. The microSD™ card expansion means you can share routes and add storage.

***SiriusXM TERMS:** Free activation, a \$15.00 value. SiriusXM Satellite Radio, NavTraffic and NavWeather subscriptions sold separately or as a package. NavTraffic available in select markets. NavWeather data displays and individual product availability vary by hardware equipment. **Upon the expiration of the 3-month promotional period, service automatically renews and you will be billed, at then-current rates, until you call 1-866-635-2349 to cancel.** Subscriptions are governed by the SiriusXM Customer Agreement; see www.siriusxm.com. XM U.S. Satellite Service available only to those at least 18 years of age in the 48 contiguous USA and DC, while SiriusXM Internet Radio is available throughout our satellite area and also in AK, HI and PR.

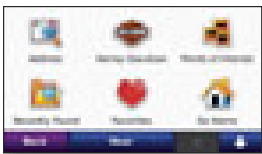

ROAD TECH™ ZŪMO® 660 GPS NAVIGATOR

Take a ride on a new route and explore the open road with the Road Tech™ zūmo® 660. This motorcycle-friendly navigator was built to lead you on all of your two- (or three-) wheeled adventures. Whether you're on a weekday ride just across town or a weeklong trip to an annual rally with friends, the zūmo 660 is ready to show you the way. Just because your bike's parked doesn't mean your day is done. The zūmo 660 also pulls double duty as an in-car navigator when you're on four wheels instead of two. In addition, the zūmo 660 also includes a carrying case, vehicle mount and power cable.

92115-09

Fits '96-later VRSC™ (except VRSCR), XL, XR, Dyna®, Softail® and Touring models with separate purchase of Handlebar Mount P/N 76000191, 76000192 or Fairing Mount P/N 92238-09. Also fits most automobile windshields or dash.

- Unique black finish
- Kit includes Automotive Mounting Kit
- Two-year warranty

DESIGNED BY BIKERS FOR BIKERS

Featuring a bright 4.3" touch-screen color display, the Road Tech zūmo 660 puts all the information you need in an easy-to-read format as you travel down the road. The zūmo 660 also has a glove-friendly intuitive interface that makes entering information as easy as shifting gears. In addition, the wide sunlight-readable display makes for easy navigation—day or night. And with a rugged waterproof black case, the zūmo 660 was built for life on the road.

GO YOUR OWN WAY

Pick your path and hit the streets. The zūmo 660 is ready to go right out of the box. It's preloaded with City Navigator® NT street maps and millions of points of interest (POIs) that include motels, restaurants, gas stations, ATMs and more. In addition, the zūmo 660 offers 3-D building view (where available) and lane assist with street sign view to show you more of your surroundings and make sure that you'll always know the right lane at the right time.

KEEP IN TOUCH

The zūmo 660 features Bluetooth® wireless technology so you can stay in touch while you're on the move. This allows you to safely talk on your phone without having to remove your gloves or helmet. Simply connect your zūmo 660 to your Bluetooth-enabled headset or helmet and then pair with your cell phone to make and receive calls on the go. And with spoken street names functionality, the zūmo 660 will also transmit voice prompts to your headset for worry-free navigation.

STAY ENTERTAINED

Have a long ride planned? The zūmo 660 is your all-in-one entertainment center. Featuring an on-board MP3 player and advanced Bluetooth A2DP technology, you'll enjoy crisp and clean stereo sound with your compatible headset. The motorcycle mount also comes standard with a headphone jack so you can connect to your headphones.

PLAN & SHARE YOUR RIDES

Found the perfect backroad to share with your riding buddies? Or perhaps you're planning a cross-country trip and looking to avoid as much interstate as possible. With the zūmo 660's powerful trip planning tools, you can create your custom routes via Ride Planner at www.h-d.com and then transfer your saved route directly to your zūmo. When you return home, you can load your photos from your day's events to share with your friends.

612 GPS & AUDIO

Navigation

A. ROAD TECH™ ZŪMO® HANDLEBAR MOUNT KIT

This installation kit is designed for handlebar mounting of the Road Tech™ zūmo® GPS system on specified Harley-Davidson® models. Replacing the left-hand half clamp, this sweeping chrome or gloss black bracket accepts the connection cradle for the Road Tech zūmo GPS system. Fits 1" and 1.25" handlebars.

Fits '02-later VRSC™ models (except VRSCR), '96-later XL, XR, Dyna®, Softail®, Road King® and Road Glide® models equipped with Road Tech zūmo 660 or 665 GPS units. XL and XR models require separate purchase of (2) Screw P/N 4669M. Does not fit with Road Tech Satellite Radio, Left-hand Auxiliary Switch Housing or Clutch Lever Bracket Clamp Clock or Thermometer. Must be wired on exterior of handlebar.

76000191 Chrome.

76000192 Gloss Black.

A. ROAD TECH ZŪMO HANDLEBAR MOUNT – CHROME

A. ROAD TECH ZŪMO HANDLEBAR MOUNT – GLOSS BLACK

B. ROAD TECH ZŪMO FAIRING MOUNT KIT

This installation kit is designed to allow fairing mounting of the Road Tech zūmo GPS System on specified Harley-Davidson models. Positioned for convenient viewing by both the rider and passenger, the Mounting Kit easily accepts the slide-in connection cradle for the Road Tech zūmo GPS System. Kit includes bracket and all required hardware. Installation requires drilling through inner fairing.

92238-09 For zūmo 660 or 665 GPS.

Fits '96-later Electra Glide®, Street Glide® and Trike models equipped with Road Tech zūmo 660 or 665 GPS unit. Does not fit with Road Tech SiriusXM™ Satellite Radio P/N 76390-05A, '06-'10 CVO™ Electra Glide models or models equipped with Fairing Dash Pad P/N 58262-05.

A. ROAD TECH ZŪMO HANDLEBAR MOUNT KITS

B. ROAD TECH ZŪMO FAIRING MOUNT KIT

C. ROAD TECH NAVIGATION INTERFACE MODULE

Available exclusively for Harley-Davidson Road Tech zūmo Navigation Systems. The Navigation Interface Module will provide an integrated link between the fairing-mounted Advanced Audio Radio and a Road Tech zūmo 660 or 665 GPS Navigator. When linked, the music volume will automatically drop when a GPS spoken command is detected, allowing you to hear the instructions through the radio speakers or the 7-pin communications-style headset. The module attaches directly to the radio, is concealed within the fairing, and does not require connection to the "AUX" input on the radio faceplate, allowing you to listen to a portable music device through your auxiliary input. Kit includes adaptor cable that permits stereo sound from the zūmo unit's internal MP3 player or XM Radio.

76000024

Fits '06-later Touring models (except FLHXSE2/3 & FLTRXSE) equipped with the Advanced Audio system and a Road Tech zūmo 660 GPS Navigator P/N 92115-09 or Road Tech zūmo 665 GPS Navigator P/N 76000014. '06-later FLHX, FLTR, FLTRX, and FLHTC models and those not equipped with Wiring Harness P/N 70169-06 require the separate purchase of Connector Kit P/N 69200033. Does not fit with Advanced Audio Hands Free Cell Phone Kit P/N 76408-06.

C. ROAD TECH NAVIGATION INTERFACE MODULE

D. MAGNETIC TANK TOTE

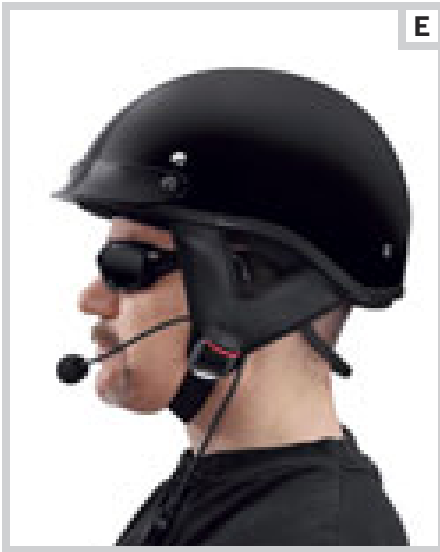

De-clutter your pockets. This compact and convenient magnetic pouch is the ideal place to store small items that would normally go in your jeans pocket. It's also the perfect way to enjoy the benefits of SiriusXM Satellite Radio, NavWeather™, and NavTraffic® on your non-fairing equipped motorcycle. Just slip the Road Tech zūmo SiriusXM disc antenna into this pouch, and the strong magnets will secure it to the top of the fuel tank yet make it easy to move your Road Tech zūmo from the bike to the car. The durable neoprene jacket with zippered closure will keep your items safe for the ride. An embroidered Bar & Shield logo finishes the look. Pouch dimensions: 4" W x 5.5" H.

76000061

Fits models with steel fuel tanks or airbox covers.

D. MAGNETIC TANK TOTE

E

E. BOOM! AUDIO HALF HELMET MUSIC AND COMMUNICATIONS HEADSET

E

E. BOOM!™ AUDIO HALF HELMET MUSIC AND COMMUNICATIONS HEADSET

This comfortable headset is designed to allow full music and communication function while wearing a half helmet. Lightweight, durable neck bow wraps around the ear and across the back of the neck, and fits comfortably below the shell of most half helmets. Great-sounding foam-covered on-ear stereo headphone cups reduce wind noise while allowing you to hear surrounding traffic. The adjustable boom microphone with wind sock has been optimized for superior clarity when connected to Harley-Davidson® intercom and Bike-to-Bike communications equipment, and the quick-disconnect plug allows you to step away from the motorcycle without removing the headset. A clothing clip (*not shown*) is included for added comfort and reduced ear fatigue. The coiled cord permits freedom of movement in the saddle. The 7-pin DIN plug can be connected to the front and rear communications ports, allowing both rider and passenger access to the music, navigation, and voice communications features of the motorcycle.

76572-09 7-pin DIN Connector.
Fits '98-later FLHTC, FLHTCU, FLHTCUTG and FLTRU models. Also fits with vehicles equipped with Communication Switch Kit P/N 77173-08 or Boom!™ Audio Music and Intercom Kit P/N 77107-09 or 77108-09A.

F

F. BOOM! AUDIO FULL HELMET PREMIUM MUSIC AND COMMUNICATIONS HEADSET

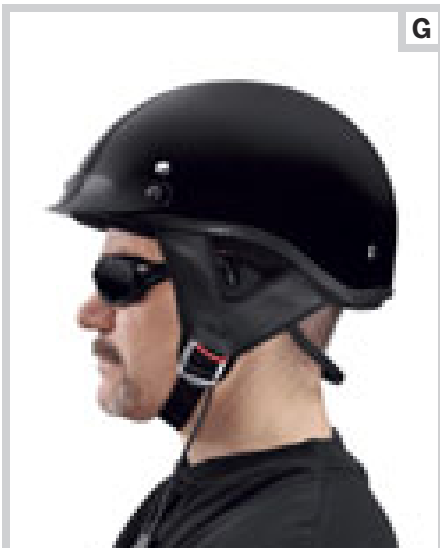

F

F. BOOM! AUDIO FULL HELMET PREMIUM MUSIC AND COMMUNICATIONS HEADSET

Introduced as standard equipment on the '10 Ultra motorcycles, this comfortable headset is designed to allow full communication function while wearing a 3/4 or full-face helmet. The stylish plug module clamps to the base of the helmet, and positions the adjustable wind sock-equipped boom microphone for the best sound quality. Great-sounding foam-covered stereo earphones comfortably fit into ear pockets in the helmet, and the fine wires are easy to hide beneath the helmet liner for a clean installation. The quick-disconnect plug allows you to step away from the motorcycle without removing the helmet, and the coiled cord permits freedom of movement in the saddle. The 7-pin DIN plug can be connected to the front and rear communications ports, allowing both rider and passenger access to the music, navigation, and voice communications features of your motorcycle, and the microphone has been optimized for superior clarity when connected to Harley-Davidson intercom and Bike-to-Bike communications equipment.

77117-10
Fits '98-later FLHTCU, FLHTK and FLHTCUTG models. Also fits with vehicles equipped with Communication Switch Kit P/N 77173-08 or Boom! Audio Music and Intercom Kit P/N 77107-09 or 77108-09A.

G

G. BOOM! AUDIO HALF HELMET MUSIC HEADSET

G

G. BOOM! AUDIO HALF HELMET MUSIC HEADSET

Listen to music or navigation system directions while wearing a half helmet. This comfortable headset features a lightweight, durable neck bow that wraps around the ear and across the back of the neck and fits comfortably below the shell of most half helmets. The great-sounding foam-covered on-ear stereo headphone cups reduce wind noise while allowing you to hear surrounding traffic, and the quick-disconnect plug allows you to step away from the motorcycle without removing the headset. A clothing clip is included for added comfort and reduced ear fatigue. The coiled cord permits freedom of movement in the saddle, and the 1/8" (3.5mm) plug can be connected to the Road Tech™ zūmo®, Road Tech SiriusXM™ Satellite Radio, MP3 players and portable stereo devices.

76569-09 1/8" (3.5mm) Mini Plug Connector.
Fits Road Tech zūmo, Road Tech SiriusXM Satellite Radio, and other electronic devices with 1/8" (3.5mm) stereo mini jack output.

614 GPS & AUDIO

Antenna Systems

A. ROAD TECH™ EAR BUD SPEAKER KIT

Convenient in-ear speaker. When plugged into the earphone jack on the GPS mount, the navigation system will speak commands without disturbing others. The comfortable Ear Bud Speaker Kit features an in-line quick-disconnect to simplify use with a helmet.

91771-04

Fits with Road Tech™ Navigation Devices.

B. ROAD TECH HAND-HELD CB MICROPHONE KIT

Comes complete with handlebar mounting bracket and all necessary hardware.

76312-98

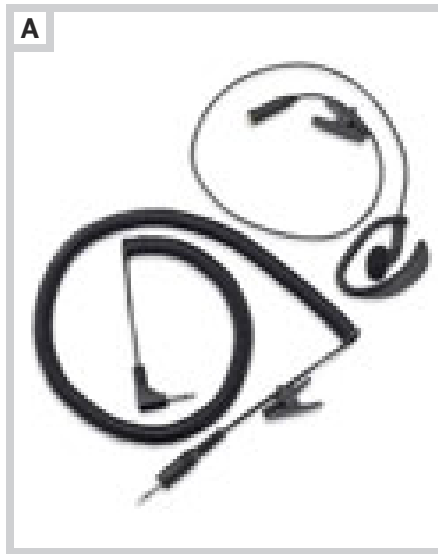

Fits '98-later FLHTC, FLHTCU, FLHTCUTG and FLTRU models. Also fits models equipped with Communication Kits 77107-09, 77108-09A and 77173-08.

Also available: (not shown)

77122-99

Replacement headset cord for use with Kit P/N 77147-91C.

77126-98 Windsock for headset.

A. ROAD TECH EAR BUD SPEAKER KIT

B. ROAD TECH HAND-HELD CB MICROPHONE KIT

C. BOOM! AUDIO SHORTY ANTENNAS

This compact antenna is only 19" tall, and is a stylish change from the Original Equipment whip antenna. The low-profile antenna simplifies covering the bike for storage. Easy to install, the Shorty Antenna screws on to the factory antenna mount.

76386-09 AM/FM.

Fits '09-later Touring models equipped with Bike-to-Bike Communication. May require model-specific mounting bracket if installed on a model without a Tour-Pak® carrier.

76386-08 AM/FM.

Fits '98-'08 Touring models equipped with Bike-to-Bike Communication. May require model-specific mounting bracket if installed on a model without a Tour-Pak carrier.

76388-08 CB Radio.

Fits '98-later Touring models equipped with radio.

C. BOOM! AUDIO SHORTY CB ANTENNA (SHOWN WITH SHORTY AM/FM ANTENNA)

C. BOOM! AUDIO SHORTY AM/FM ANTENNA

D. BOOM! AUDIO HIDDEN AM/FM/WB ANTENNA

Hide the AM/FM/WB antenna inside the fairing for a clean, uncluttered look. The perfect addition to Street Glide®, Road Glide® Custom and Electra Glide® Classic models equipped with detachable Tour-Pak luggage, this Hidden Antenna eliminates the need to move the whip antenna back and forth between Tour-Pak and fender mounting locations. Comparable to the performance of the Boom!™ Audio Shorty Antenna, this hidden amplified antenna is the perfect finish to your custom bagger. Kit includes all required mounting hardware and wiring. NOTE: The Hidden Antenna may result in a slight loss of AM broadcast signal strength in certain urban and rural locations, when compared to an Original Equipment whip antenna.

76000040

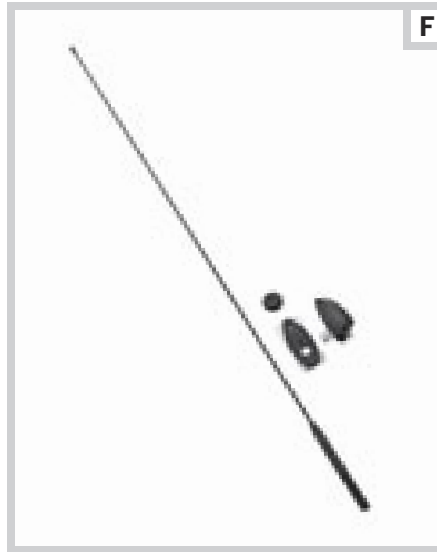

Fits '98-later Touring and Trike models equipped with AM/FM/WB radio and fairing.

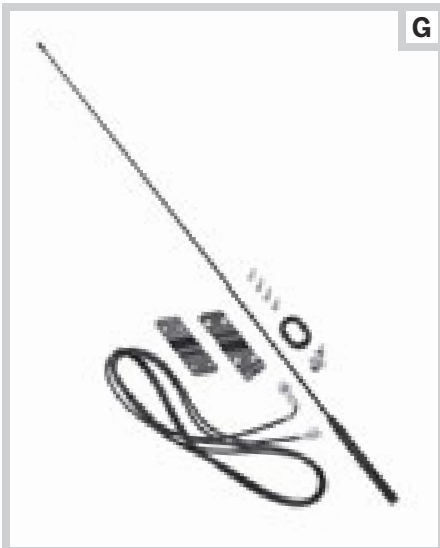

D. BOOM! AUDIO HIDDEN AM/FM/WB ANTENNA

E. CB ANTENNA KIT – TOUR-PAK MOUNT

F. AM/FM ANTENNA KIT – TOUR-PAK MOUNT

G. CB ANTENNA KIT – FRAME MOUNT

H. ANTENNA RELOCATION KIT FOR FLTR/FLHX WITH DETACHABLE TWO-UP LUGGAGE RACK

I. ANTENNA RELOCATION KIT, AM/FM ('09-LATER MODELS)

I. ANTENNA RELOCATION KIT, AM/FM ('98-'08 MODELS)

E. CB ANTENNA KIT – TOUR-PAK® MOUNT

The CB Antenna Kit mounts an antenna on a Tour-Pak® luggage system. Kit includes Original Equipment style CB antenna, all necessary mounting brackets, cable hardware, and instructions. Fits all Tour-Pak luggage systems.

76400-09

Fits '09-later Touring models (except FLHTCUTG) with Tour-Pak luggage. Includes Fiberglass CB Antenna P/N 76250-09.

F. AM/FM ANTENNA KIT – TOUR-PAK MOUNT

The AM/FM Antenna Kit mounts an antenna on a Tour-Pak luggage system. Kit includes Original Equipment style Fiberglass AM/FM Antenna P/N 76503-08, all necessary mounting brackets, cable hardware, and instructions. Fits all Tour-Pak luggage systems.

76251-98A

Fits '98-later Touring models with Tour-Pak luggage.

G. CB ANTENNA KIT – FRAME MOUNT

Will enable the installation of a CB antenna on the right side of a fender. Kit includes CB antenna and mounting brackets.

76410-09

Fits '09-later FLHX, FLTR and FLTRX models. Does not fit FLHXSE and FLTRSE models. Includes Fiberglass CB Antenna P/N 76250-09.

H. ANTENNA RELOCATION KIT FOR FLTR/FLHX WITH DETACHABLE TWO-UP LUGGAGE RACK

Relocate your AM/FM antenna for use with Detachable Two-Up Luggage Rack.

76561-09

Fits '09-later FLHX, FLTR, FLTRU and FLTRX models (except FLHXSE/2/3, FLTRSE3/4, FLTRUSE, FLTRXSE models) equipped with Detachable Two-Up Luggage Rack P/N 54215-09. Does not fit with Nostalgic Saddlebag Guard Rail Kit P/N 91286-10.

76208-07

Fits '97-'08 FLTR and FLHX equipped with Detachable Two-Up Luggage Rack P/N 53743-97 and Two-Up Detachable Docking Hardware Kit P/N 53804-06.

I. ANTENNA RELOCATION KIT, AM/FM

This Antenna Relocation Kit allows you to easily switch between your detachable Tour-Pak luggage, a detachable passenger backrest, or the clean look of a stock FLHT or FLTR.

76556-09

Fits '09-later FLHT, FLHTC, FLHX, FLTR and FLTRX models. Does not fit FLTRSE or FLHXSE models.

76326-00A

Fits all '98-'08 FLHT, FLHX and FLTR models.

616 GPS & AUDIO

Auxiliary Power

A. AUXILIARY POWER PORTS

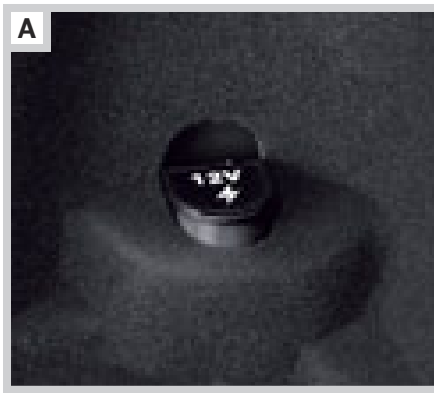

Charge your cell phone or portable music player from these handy saddlebag- or Tour-Pak® mounted 12-volt power port. Conventional "cigarette lighter" style power outlet accepts most 12V automotive power adaptor plugs, and features a flip-top cover to protect the port while not in use. Easy plug-in installation, the port is held firmly in place with a bolt-on bracket. Kit includes power port, mounting bracket, wiring harness and all mounting hardware.

91671-10 Tour-Pak Mount.

Fits '96-later FLHTCU and '06-later FLHTC, FLTRU and FLHTCUTG models. Also fits '06-later Touring models with accessory King Tour-Pak luggage and '98-later Touring models with Tour-Pak mounted rear speaker pods. Not compatible with accessory Fitted Liners or Premier Liners.

69200091 Saddlebag Mount.

Fits models equipped with 12-volt battery. Does not fit VRSC™ models, Throw-Over or Swingarm Bags. Not compatible with accessory Fitted Liners or Premier Liners. Requires separate purchase of Battery Charging Harness P/N 94624-97B, if not already equipped.

A. AUXILIARY POWER PORT – TOUR-PAK MOUNT

B. SUPPLEMENTAL 12V POWER PORT*

Easy-to-install power point allows an additional 12-volt power source for electrical accessories powered by a "cigarette lighter" style socket. Features a water-resistant cover with laser-etched Bar & Shield logo.

91843-97

Fits '94-later FLHR (except FLHRCI), FLT, FLTR, FLHT, FLHX and Trike models.

A. AUXILIARY POWER PORT – SADDLEBAG MOUNT

C. USB CHARGING ADAPTOR

Charge your cell phone, MP3 players, and other hand-held devices while on the road. Compact Adaptor plugs into standard and accessory "cigarette lighter" 12-volt power ports, and provides a standard USB-style outlet that accepts many phone and music player power cords.

69200357

For use with 12V Auxiliary Power Port.

B. SUPPLEMENTAL 12V POWER PORT

C. USB CHARGING ADAPTOR

D. SWITCHED CIRCUIT ADAPTER HARNESS*

This harness allows two accessories to be connected to the switched accessory circuit featured on '94-later Touring models. You then may switch two accessories on or off simultaneously as required.

70264-94A Fits '94-later Touring models.

Shown with:

ELECTRICAL ACCESSORY ADAPTER*

Harness accommodates the addition of multiple electrical accessories to the main battery power circuit on '04-later models.

70270-04

Fits '04-later XL, XR and Touring models. Also fits '07-later VRSC™, '04-'11 Dyna® and '04-'10 Softail® models.

E. ELECTRICAL CONNECTION UPDATE KIT*

D. SWITCHED CIRCUIT ADAPTER HARNESS & ELECTRICAL ACCESSORY ADAPTER

E. ELECTRICAL CONNECTION UPDATE KIT

*NOTE: It is possible to overload your motorcycle's charging system by adding too many electrical accessories. If your combined electrical accessories operating at any one time consume more electrical current than your vehicle's charging system can produce, the electrical consumption can discharge the battery and cause vehicle electrical system damage. Ask your dealer for advice about the amount of current consumed by additional electrical accessories.
