

## CHIZELED HANDLEBAR – 55800103 (SATIN BLACK), 55800198 (CHROME)

CHIZELED HANDLEBAR

### CHIZELED HANDLEBAR

Achieve ultimate cutting edge style. The Chizeled Bar features the edgy profile of the classic "Z" bar, and combines the hands-up feel of a mini-ape with the narrow width of a drag bar. The result? A classic chopper attitude. The 1.0" bar replaces mitered and welded corners with cast seamless 90° bends for added strength and style. The cast elbows eliminate sharp internal bends, and the bar features removable Bar & Shield plugs to simplify internal wiring.

Fits '07-later XL883L, XL883N, XL1200L, XL1200N, XL1200T, XL1200V, XL1200X and XL1200CX models. Also fits '06-later FXDB and '96-'05 FXDWG models with Original Equipment Handlebar P/N 58079-93. Does not fit with Heated Hand Grips. XL models require separate purchase of additional components.

**55800103** Satin Black.

**55800198** Chrome.

NOTE: Installation of handlebars and risers may require a change in clutch cables or lines, throttle cables, or brake lines for some models. All modular lower brake lines listed are based on stock front suspension. Harley-Davidson Motor Company cannot test and make specific fitment recommendations concerning every possible mirror and handlebar combination. Therefore, after installing new mirrors, handlebars, or control cables/lines and before operating the motorcycle, check to ensure that all controls are fully functional and that the mirrors provide the operator a clear view to the rear. Handlebar height is regulated in many areas. Check local laws before installation.
