

WELCOME TO THE HARLEY-DAVIDSON MUSEUM.®

Years in the making, its design and construction are a tribute to the motorcycle that ultimately created a way of life. Like the timeless relationship between rider and motorcycle, the Museum's exposed galvanized steel and glazed black brick create a bond all their own — honest, hardworking and proud. Within the walls of the Harley-Davidson Museum you will find motorcycles and artifacts that tell the story of the Motor Company's rich history and heritage. Every gallery and exhibit inside is an astonishing testimony to the legendary bikes, the people who built them and, of course, every individual who ever felt their powerful rumble on a long stretch of asphalt. Enjoy the ride.
