Empire™ Collection — Black

Raise the stakes. Deep grooves add eye-catching depth and detail to the rich black anodized finish on this complete collection of hand and foot controls. Executed in durable cast and billet aluminum, the Black Empire™ Collection adds captivating custom detail that complements other black and machine cut accessories.
PARTS & ACCESSORIES

Empire™ Collection

Hand Grips
- Black
Fits '20-later LiveWire®, ’16-’17 Dyna® FXDLS and ’16-later Softail® models, ’14-’15 FLSTNSE, ’11-’12 FLSTSE, ’13-’14 FXSBSE, and ’08-later Touring and Trike models.

Part Number: 56100428
- Black Anodized Finish
- Inset classic Harley-Davidson branding
- Glueless design permits removal for servicing without damage
- Rubber provides a positive grip while riding
- Add the complete collection, or start with one component and build your custom ride

  - Black Machine Cut Finish
  - Inset classic Harley-Davidson branding
  - Designed side-by-side with Original Equipment components for a perfect fit
  - Includes mounting hardware
  - Add the complete collection, or start with one component and build your custom ride
Combine style and comfort for cool morning or frigid night rides. These thermostatically controlled grips feature variable heat settings controlled with a military grade resistor, and use automatic temperature monitoring to adjust to ambient temperatures. Grips have been thermally mapped to provide a more-uniform heat and are designed to achieve a maximum operating temperature approximately 20° Fahrenheit warmer than previous accessory heated grips for added warmth during cold rides.

Fits '16-'17 Dyna® FXDLS, '16-later Softail®, and '08-later Touring and Trike models. Does not fit CVO® models (except FXSE). '16-'17 Softail models require separate purchase of Electrical Connection Kit P/N 72673-11. '14-'16 Touring and Trike models require separate purchase of Electrical Connection Kit P/N 69200722. '18-later Softail and '17-later Touring and Trike models require Electrical Connection Kit P/N 69201599A. Does not fit '08-'13 models with internally wired handlebars. The power wires for these grips must be wired internal of the handlebar. See accessory handlebars for specific heated hand grip exclusions.

• With both hands on the grips, they remain at a constant temperature regardless of changes in outside temperature
• Self-contained control circuit and control knob means no additional switches or controller boxes to mount
• Switched on/off with the ignition to avoid draining your battery
• Easy-to-install glueless design allows removal of the grips for servicing without damage
• Rubber surface for positive grip in wet or dry weather plus inset classic Harley-Davidson branding for added style.

Add some edgy custom detail to the front end and express big attitude with contrasting style.

• Durable billet aluminum with rich black finish
• Deep machine cut grooves expose bright aluminum and add edgy detail
• Easy to install with included mounting hardware
• Complete this custom look with additional edge cut accessories
Custom Fuel Cap
– Black Machine Cut

Fits ’92-later XL, ’92–’17 Dyna® (except ’04–’17 FXD and FXDX, ’05–’06 FXDC and ’07 FXDSE), ’00-later Softail®, (except FXSTD and FXSTSSSE) ’94-later Road King® and ’15-later Freewheeler® models. Does not fit models equipped with Original Equipment locking or tethered fuel caps. Use on ’13–’14 FXSBSRSE requires removal of stock flush mount trim ring.

**Part Number:** 61100180

Add some edgy custom detail to the fuel tank and express big attitude with contrasting style.

- Durable billet aluminum with rich black finish
- Deep machine cut grooves expose bright aluminum and add edgy detail
- Ratcheting design ensures that the design faces the correct direction
- Easy to install
- Complete this custom look with additional edge cut accessories
**PARTS & ACCESSORIES**

**Style**

**Horn Cover**
- **Black Machine Cut**
  Fits ’93-later models with side-mounted horn (except VRSC™ and XG models).
  **Part Number**: 61301177
  Add some edgy custom detail and express big attitude with contrasting style.
  - Durable billet aluminum with rich black finish
  - Deep machine cut grooves expose bright aluminum and add edgy detail
  - Easy custom detail that hides the horn.
  - Easy to install with included mounting hardware
  - Complete this custom look with additional edge cut accessories

**Coil Cover**
- **Black Machine Cut**
  Fits 18-later Softail® models.
  **Part Number**: 57300289
  Add some edgy custom detail and express big attitude with contrasting style.
  - Durable billet aluminum with rich black finish
  - Deep machine cut grooves expose bright aluminum and add edgy detail
  - Easy custom detail that hides the coil.
  - Easy to install with included mounting hardware
  - Complete this custom look with additional edge cut accessories

Combo Cast Laced – 21" Front /18" Rear Wheel Kit for Road Glide® Models

Part Number: 42400045

Think big, Road Glide® motorcycle riders. Our new Combo custom wheels feature laced spokes that exit outside the cast aluminum rim for a new look that is both rugged and very exclusive. This 21/18-inch wheel kit is only for Road Glide models and includes internal front suspension components to optimize fork travel and ride quality. You get radical big-wheel style without compromising touring performance and reliability.

• Contrast Chrome and Gloss Black wheel finish
• Laced spokes and cast-aluminum rims
• Kit includes 21" front wheel, 18" rear wheel and the internal front suspension components necessary to optimize fork travel and ride quality
• Enables TPMS (tire pressure monitoring systems) on a laced wheel
• Required installation Kit, 21" fender and brake rotors sold separately
• Dealer installation required
• See dealer for details
PARTS & ACCESSORIES

Style

Combo Cast Laced – 21 In. Front Wheel

Fits ’18-later FLTRXSE. ’18–’20 FLTRXSE models require separate purchase of TPMS sensor P/N 42300145, except Japan models require P/N 42300146.

**Part Number:** 43300888 (21” Front)

Hit them with this Combo punch for knockout style on a CVO™ Road Glide® model. The radical Combo wheel combines laced spokes that exit outside the cast aluminum rim for a new look that is both rugged and very exclusive.

- Contrast Chrome and Gloss Black wheel finish
- Laced spokes and cast-aluminum rims
- Enables TPMS (tire pressure monitoring systems) on a laced wheel

Combo Cast Laced – 18 In. Rear Wheel

Fits ’18-later FLTRXSE. ’18–’20 FLTRXSE models require separate purchase of TPMS sensor P/N 42300145, except Japan models require P/N 42300146.

**Part Number:** 40900871 (18” Rear)

Hit them with this Combo punch for knockout style on a CVO™ Road Glide® model. The radical Combo wheel combines laced spokes that exit outside the cast aluminum rim for a new look that is both rugged and very exclusive.

- Contrast Chrome and Gloss Black wheel finish
- Laced spokes and cast-aluminum rims
- Enables TPMS (tire pressure monitoring systems) on a laced wheel
Screamin’ Eagle® Performance Parts
Screamin’ Eagle® stage kits and parts take performance to the next level with increased acceleration and improved passing power when compared to stock bikes. Screamin’ Eagle®/Öhlins® Remote Reservoir Rear Shocks for Harley-Davidson® Touring models (pictured) were designed for Screamin’ Eagle Factory Team race bikes.
BAGGER BROTHERS

By Gil Arevalo

Kyle Wyman and the H-D Screamin’ Eagle® team just won the 2021 King of the Bagger’s Championship.

The pursuit of the crown began on May 2 at Michelin Raceway Road Atlanta. The first of a 3-race series, it was fast, intense, and close. Kyle battled and led throughout, but in the final seconds came in second, just behind Tyler O’Hara, last year’s Bagger King.

Unscathed by the loss, Kyle and the Screamin’ Eagle® team got back to work making adjustments to the bike and his riding. They even brought on Kyle’s younger brother Travis as support and set him up on a bike with equal specs to his brother’s, but dialed up to his own needs.

When Round Two at Road America came around, the Wyman’s did not disappoint. Harley-Davidson® swept the podium with Kyle in first, Travis in second, and Vance & Hines Harley-Davidson’s Hayden Gillim securing third.

Just hours after celebrating the win at Road America, Kyle broke his elbow racing in the Honos Superbike Championship on the same track. Eager to get back to the business of winning, he was on track again just a few weeks out of surgery, racing with an arm cast. On the day of the race, Kyle only needed to place in the top 6 to win the title by points. Instead, he led every lap, set a new record, and crossed the finish first—winning the race and the championship.

Setup is huge in just allowing the rider to get comfortable. If you’re not comfortable on the bike, there’s no way you’re going to be able to go fast. **Suspension is huge, and even more so on these bikes.**

— Travis Wyman
PREMIUM ADJUSTABLE PERFORMANCE SUSPENSION

Step up to the ultimate in handling and ride quality. Screamin' Eagle®/Öhlins® Remote Reservoir Rear Shocks for Harley-Davidson® Touring models were designed for Screamin' Eagle® Factory Team race bikes and it's what the Wymans had on their Road Glide® Special motorcycles. Fully adjustable for preload and compression/rebound damping, with a remote reservoir for optimal performance and style. Use these shocks to dial in your ideal combination of handling and ride, for the street or the track. Ride like a winner.

1 COMPRESSION ADJUSTER
   Fine-tunes suspension to control the upward wheel movement when hitting a bump
   Adjusts the speed at which the suspension compresses
   Critical for balancing ride quality and suspension bottoming

2 REBOUND ADJUSTER
   Fine-tunes the downward wheel movement after riding over bumps or potholes
   Adjusts the speed at which the suspension returns from extension
   Critical for balancing ride quality and suspension bounce

3 PRELOAD ADJUSTER
   Critical to setting the proper suspension travel to soak up large potholes and absorb large bumps
   Adjusts for rider sag—the amount the suspension drops under the weight of the rider and cargo

4 REMOTE RESERVOIR
   Remote reservoir keeps the shock oil cooler to maintain damping performance
   Internal bladder separates the oil from the nitrogen gas to reduce cavitation during aggressive riding

5 LENGTH
   The shock length is adjustable from +8mm or -2mm over the standard height.
PARTS & ACCESSORIES

Screamin' Eagle®/Öhlins®

Remote Reservoir Rear Shocks

Upgrade to Screamin' Eagle® Factory Race Team suspension with these performance rear shocks. These high-performance rear shocks for Touring models were designed with Öhlins specifically for Screamin' Eagle® Factory Team race bikes. Now you can experience the ultimate in handling and ride quality with these Screamin' Eagle®/Öhlins® Remote Reservoir Rear Shocks. These mono tube remote reservoir shocks are completely adjustable to match your riding style. Set the sag with the adjustable preload then fine tune the response with adjustable compression and rebound damping. These shocks perform great and add a performance style with a remote reservoir and exposed adjusters.

Parking Brake Warning Switches

Fits ’14-later Touring models (except FLHTKL, FLHTCUL).

Part Number: 54000193

- Get a perfect factory fit. Reservoir brackets are designed to accommodate all Harley-Davidson® Two-Up accessories
- Expertly tuned by Ohlins and Screamin’ Eagle for the aggressive performance bagger rider in mind
- Pre-load setting on both shocks allows suspension adjustment based on rider, passenger, and gear weight for optimal performance
- No tools required for compression and rebound damping adjustments so changes can be made quickly and easily
- High-performance style: Exposed remote reservoirs with stainless steel lines and Screamin’ Eagle/Öhlins branding
- Progressive rate springs stiffen quickly for improved control when you pick up the pace
- Standard Height with +8/-2 mm of length adjustment
- High-pressure nitrogen gas-charged design resists heat fading
- Low-friction shaft/seal head design for smooth performance
- 36mm piston diameter
- Includes billet aluminum pre-load adjustment tool
- Fully serviceable and rebuildable
SCREAMIN’ EAGLE® HIGH VOLUME OIL PUMP & CAM SUPPORT PLATE KIT

A high-performance Milwaukee-Eight® engine deserves high-performance oiling. This new kit includes a Super Sucker oil pump to improve the oil flow rate to critical engine components, and a CNC machined billet aluminum cam plate for precise alignment of a high-performance cam and chain. It’s the ideal component combination for a tuned-up Milwaukee-Eight engine. Install and ride hard with confidence.

1 6061 BILLET ALUMINUM
The cam support plate and oil pump are made from heat-treated 6061 billet aluminum with a surface-hardened orange anodized finish. CNC machining ensures precise dimensions and constant material thickness across the plate and pump, enabling perfect alignment of components.

2 660 BRONZE BUSHINGS
Pressed-in 660 Bronze cam and pinion shaft bushings provide enhanced wear resistance under increased loads from high-performance cams for miles of worry-free riding.

3 9% LARGER GEROTOR
The Super Sucker oil pump features a 9% larger gerotor for increased flow at idle and 33% more scavenge capacity compared to a 2020-Later Original Equipment oil pump, for increased performance, efficiency and engine durability.

4 HUB & SPOKE DESIGN
The hub-and-spoke oil passage design improves oil flow rate to critical engine components by minimizing restrictions from intersecting passages.

5 FILTERING
Two screens mounted in both pickups and a magnet in between the pickups provide extra oil filtering to remove potential contaminants before they can reach critical upper end components. This is key to promoting long life in high-performance engines.
Screamin’ Eagle® Pro High Volume Oil Pump & Cam Support Plate Kit

A high-performance Milwaukee-Eight® engine deserves high-performance oiling. This new kit(s) includes a Super Sucker oil pump to improve the oil flow rate to critical engine components, and a CNC machined billet aluminum cam plate for precise alignment of high-performance cam and chain. It’s the ideal component combination for a tuned-up Milwaukee-Eight engine. Install and ride hard with confidence.

- Heat-treated 6061 billet aluminum cam support plate with an orange anodized finish is strong and rigid to provide superior strength, rigidity, and durability.
- Pressed-in 660 bronze cam bushings provide enhanced wear resistance under increased loads from high-performance cams for miles of worry-free riding.
- CNC-precision machining ensures precise dimensions and constant material thickness across the plate, enabling perfect alignment of cams and chains.
- Oil pump features a 9% larger gerotor for increased flow at idle and 33% more scavenge capacity compared to a 2020-Later Original Equipment oil pump, for increased performance, efficiency and engine durability.
- The hub-and-spoke oil passage design improves oil flow rate to critical engine components.
- Upgraded filter protection promotes engine durability: Two screens mounted in both pickups and a magnet in between the pickups provide extra oil filtering to remove contaminants before they can reach critical upper end component.

Part Number: 62400260
Fits '17-later models equipped with an Air/Oil-Cooled Milwaukee-Eight® engine.

Part Number: 62400264
Fits '17-later models equipped with a Twin-Cooled™ Milwaukee-Eight® engine.
Screamin' Eagle® Milwaukee-Eight® – Headbolt Kit

Fits '17-Later Milwaukee-Eight® engines.

Part Number: 10400069

Details matter when building a high-performance engine. Details like these Screamin' Eagle® Milwaukee-Eight® Head Bolts – made from 8740 chromoly to be 23 percent stronger than stock bolts. The ideal upgrade for big-displacement and high-compression racing applications or Stage III or Stage IV builds. Lock down your top end, for the long run.

• Black oxide finish with Screamin' Eagle logo provides corrosion resistance and showcases performance

• Premium 8740 chromoly steel bolts provide a 23% increase in ultimate strength and 23% increase in yield strength compared to Original Equipment head bolts for desirable clamp load on a higher-compression engine

• Cost savings – these bolts may be reused if the top end is disassembled for upgrades or service

• Perfect upgrade during a Screamin’ Eagle® Stage III or Stage IV installation
Advertise the goods. This bold new Screamin' Eagle® derby cover tells the world you’ve taken a Harley-Davidson® Milwaukee-Eight® engine beyond stock. Beautifully finished in chrome or gloss black, designed to fit many Touring, Trike and Softail® models.

**Derby Cover – Gloss Black**

Fits '16-later Touring and Trike and '15-later FLHTCUL and FLHTKL models. Also fits '07-later Touring and Trike models equipped with Narrow-Profile Outer Primary Cover P/N 25700385 or 25700438.

**Part Number:** 25701403

- High contrast paint fill pops against derby cover finish while red Bar & Shield provides a premium performance look
- Gloss Black finish matches other dark finishes

**Derby Cover – Chrome**

Fits '16-later Touring and Trike and '15-later FLHTCUL and FLHTKL models. Also fits '07-later Touring and Trike models equipped with Narrow-Profile Outer Primary Cover P/N 25700385 or 25700438.

**Part Number:** 25701404

- Black paint fill pops against derby cover finish while Red Bar & Shield provides a premium performance look
- Chrome finish matches other bright finishes
Screamin' Eagle® Derby Covers

Advertise the goods. This bold new Screamin' Eagle® derby cover tells the world you've taken a Harley-Davidson® Milwaukee-Eight® engine beyond stock. Beautifully finished in chrome or gloss black, designed to fit many Touring, Trike and Softail® models.

Derby Cover – Chrome

Fits '18-later FLSB and '19-later Softail® models. Also fits '18 Softail models equipped with Narrow Profile Primary Cover P/Ns 25701077, 25700913, 25700937, 25700941, 25701039, 25701040 and 25701043.

Part Number: 25701408

- Black paint fill pops against derby cover finish while Red Bar & Shield provides a premium performance look
- Chrome finish matches other bright finishes

Derby Cover – Gloss Black

Fits '18-later FLSB and '19-later Softail® models. Also fits '18 Softail models equipped with Narrow Profile Primary Cover P/Ns 25701077, 25700913, 25700937, 25700941, 25701039, 25701040 and 25701043.

Part Number: 25701407

- High contrast paint fill pops against derby cover finish while red Bar & Shield provides a premium performance look
- Gloss Black finish matches other dark finishes
**Milwaukee-Eight® Oil Cooler Fan**

Fits ’17-later Touring models equipped with air/oil-cooled Milwaukee-Eight® engines. Does not fit models equipped with Twin-Cooled™ engines, Police or Freewheeler™ models. Not compatible with Oil Cooler Cover P/N 25700633 or 25700634.

**Part Number:** 26800195

Traffic jam? This Oil Cooler Fan can help keep Milwaukee-Eight engine oil temperature under control if you find yourself idling or moving slowly in traffic, especially in hot weather. Fan automatically engages to lower oil temperature up to 50 degrees compared to an oil cooler without a fan. Weather-proof for durability.

- Perfect addition to a bike equipped with high performance components
- Ideal for bikes that see parade duty and other low speed or continuous idle situations
- Fan automatically engages when the engine oil temperature rises
- When in operation the Oil Cooler Fan can provide up to a 50 degree drop in oil temperature compared to an oil cooler without a fan
- The Harley-Davidson® Oil Cooler Fan utilizes weather-rated fans and electronics that are designed reliable service in the harsh motorcycle environment
- Engineered for bolt-on installation and plug-and-play compatibility with your bike’s wiring harness without unhooking messy oil lines
- ECM reprogramming by a Harley-Davidson® Dealer is required to complete the installation
- No splicing or rewiring is required
PARTS & ACCESSORIES

Function

Mid-Frame Air Deflector – Smoked

Fits ‘09-later Touring and Trike models. Not compatible with ‘17-later models equipped with Cool Flow™ Fan P/N 26800120, 26800121 and 26800128. Stock on ‘20-later CVO™ models.

Part Number: 57200356

Our new smoked Lexan Mid-Frame Air Deflector improves style and comfort. Fits perfectly between your Harley-Davidson® Touring or Trike frame and side panels to direct engine heat away from the rider and improve comfort on hot summer rides.

- Designed and tested for severe duty and extreme temperature applications
- Durable smoked Lexan material adds subtle style
- Easy to install and includes required mounting hardware
**Pan America™**

### Pan America™ – Sundowner™ Solo Seat

Fits ’21-later RA1250 and RA1250S models.

**Part Number:** 52000478

Have miles to ride before you sleep? The new Sundowner™ Solo Seat for Harley-Davidson Pan America 1250 models can help keep you comfortable and alert until the next gas stop or camp site. Its enhanced bucket shape and spherical-void foam construction is designed to reduce numbing pressure points, and waterproof construction means you won’t have a soggy bum after the rain quits. Factory fit retains your bike's tool storage and high/low position features. Treat your passenger to a matching Sundowner™ Pillion (sold separately) for two-up comfort.

- Enhanced bucket design and spherical-void foam construction for improved long-haul comfort
- Waterproof construction and seam sealed stitch lines prevent water from soaking into the foam and leaving the rider with a damp bum
- Factory fit retains Original Equipment tool storage and high/low position features

### Pan America™ – Sundowner™ Passenger Pillion

Fits ’21-later RA1250 and RA1250S models equipped with Sundowner Solo Seat P/N 52000478.

**Part Number:** 52400249

Provides a passenger Sundowner™ comfort with style that matches the Sundowner™ seat.

- Wider shape than Original Equipment pillion for added passenger comfort and confidence when riding on or off road
- Designed for Original Equipment mounting points and does not compromise rider seat features
- Waterproof construction and seam sealed stitch lines prevent water from soaking into the foam and leaving the rider with a damp bum
**Pan America™ – Steering Damper Kit**

Fits ’21-Later RA1250 models. Original Equipment on RA1250S models.

**Part Number:** 45700068

Rocks. Ruts. That deep sand washes. Ride it all with more confidence after installing this Öhlins steering damper kit, designed and validated by Harley-Davidson specifically for the Pan America™ 1250 model. This premium steering damper enhances dynamic performance, especially during aggressive off-road riding. You’ll moto with less fatigue and enhanced control. Get out there.

- Reduces fatigue by damping handlebar motion while off-road
- Kit includes bracket, damper, and necessary installation hardware
- Factory designed for ideal fit and function

---

**Pan America™ – Hand Wind Deflectors**

Fits ’21-later RA1250 models. Original Equipment on RA1250S models.

**Part Number:** 55900297

Add protection from the elements. These lightweight Hand Wind Deflectors help keep wind, insects, small stones and trail-side branches from impacting the rider’s hands and provide added comfort in cool weather.

- Added protection from the elements and environment for rider’s hands and hand controls
- Easy to install on Original Equipment mounting points
# H-D® Battery Chargers

These new H-D® chargers are designed to do more than just charge your H-D® motorcycle battery. These chargers will effortlessly charge multiple battery voltages (6 and 12 volt) with chemistries such as flooded, gel, AGM and Lithium. You can also charge different types of batteries such as deep-cycle, marine, powersport and more. The chargers are completely automatic. You can leave these chargers plugged in 24/7 with no worries of overcharging. Best of all there is no technical knowledge required. Chargers are designed for use in any climate, altering each charge based on the ambient temperature and providing a more accurate recharge.

## Additional Features

### SMART INDICATORS

H-D Chargers have smart indicators and diagnostics to quickly detect when the battery charger is connected in reverse polarity, connected to an incompatible battery, or if the battery is failing. These Chargers provide simple troubleshooting using advanced diagnostics:
- Battery Failure
- Reverse Polarity
- High Voltage
- Standby

### ERROR CONDITIONS PROVIDED

- Battery Below Start Voltage
- Reverse Polarity
- Battery Will Not Hold Charge
- Bulk Charge Timeout
- Battery Above Protection Voltage
- Charger Internal Temperature Too High
- Charger Ambient Temperature Too Cold

### BRING BATTERIES BACK TO LIFE

- Auto Desulfation mode
- Auto Detection mode
- Auto Repair mode
* Featured only on 5 AMP charger
* Only applicable to flooded, gel, and AGM batteries

Dual-Mode Battery Chargers

Avoid the dead battery blues with a new Harley-Davidson® Dual-Mode Battery Charger. Ideal for today’s popular motorcycle battery technologies, these chargers can automatically charge and maintain Harley-Davidson® Lithium LiFe or AGM Lead-Acid batteries, and just about any other battery in your home shop. Available with a 1.0 amp or 5.0 amp charging rate for a single battery, or charge and maintain up to four batteries at once with the 4-bank, 2.0 amp Dual-Mode charger. No motorcycle battery charger system offers more value and versatility, backed by a 5-year warranty.

1 Amp Dual Mode – Battery Charger

This fully-automatic Harley-Davidson® Dual-Mode Battery Charger is ideal for short- or long-term motorcycle battery charging needs.

- Selectable charge options provide optimal charging for Harley-Davidson™ Lithium LiFe or AGM Lead-Acid batteries
- Can be used to charge 12 volt and 6 volt batteries
- Can be used with existing Harley-Davidson™ battery charging cords - no additional charging cords needed
- Maximum charge rate of 1 amp
- Harley-Davidson tested and validated
- Backed by a 5-year limited warranty

For use within the United States, Canada, Mexico and South America. Fits all models.

Part Number: 66000304

For use within Europe, and the Middle East. Fits all models.

Part Number: 66000308

For use within the United Kingdom. Fits all models.

Part Number: 66000305

For use within Australia and New Zealand. Fits all models.

Part Number: 66000307

For use within Japan. Fits all models.

Part Number: 66000306
Dual-Mode Battery Chargers

2.0 Amp Dual-Mode
– Battery Charging Station

Fits all models.

Part Number: 66000319

Keep all your bikes fully charged and ready to ride. This fully-automatic 4-bank Harley-Davidson® Dual-Mode Battery Charger is perfect for short- or long-term motorcycle battery charging needs.

- 4-bank changing station can charge and maintain up to 4 batteries at once
- Selectable charge options provide optimal charging for Harley-Davidson™ Lithium LiFe or AGM Lead-Acid batteries
- Can be used to charge 12 volt and 6 volt batteries
- Can be used with existing Harley-Davidson® battery charging cords - no additional charging cords needed
- Maximum charge rate of 2 amp
- Harley-Davidson tested and validated
- Backed by a 5-year limited warranty
Dual-Mode Battery Chargers

5.0 Amp Dual-Mode – Battery Charger

Fits ’21-later RA1250 and RA1250S models.

Part Number: 52000478

This fully-automatic Harley-Davidson® Dual-Mode Battery Charger is perfect for short- or long-term motorcycle battery charging needs.

- Selectable charge options provide optimal charging for Harley-Davidson™ Lithium LiFe or AGM Lead-Acid batteries
- Can be used to charge 12 volt and 6 volt batteries
- Can be used with existing Harley-Davidson® battery charging cords – no additional charging cords needed
- Features repair mode for AGM batteries
- Maximum charge rate of 5.0 amp
- Harley-Davidson tested and validated
- Backed by a 5-year limited warranty

For use within the United States, Canada, Mexico and South America. Fits all models.

Part Number: 66000309

For use within Europe, and the Middle East. Fits all models.

Part Number: 66000313

For use within the United Kingdom. Fits all models.

Part Number: 66000310

For use within Australia and New Zealand. Fits all models.

Part Number: 66000312
Screamin’ Eagle® High-Flow Air Filter - Homeplate
Fits ’21-later RA1250 and RA1250S models.
Part Number: 29400426
Retail Price: $79.95
This washable and reusable filter provides 5 percent more air flow to the engine compared to the original equipment filter to allow the engine to breathe in all types of riding conditions.

Screamin’ Eagle® High-Flow Air Filter - Round
Fits ’21-later RA1250 and RA1250S models.
Part Number: 29400428
Retail Price: $69.95
This washable and reusable filter is a direct replacement for the original equipment filter and provides the same air flow performance as the original equipment.

Never throw away another air filter. Each of these performance air filters are washable and reusable. Remove the miles of collected dust, dirt, and debris from the filter to reuse it trip after trip. These filters have been factory engineered to be a perfect replacement and upgrade to the original equipment filter.

Harley-Davidson® motorcycles modified with some Screamin’ Eagle® Performance products must not be used on public roads and, in some cases, may be restricted to closed-course competition. These performance parts are 49-state U.S. EPA compliant but are NOT compliant for sale or use in California on pollution-controlled motor vehicles. California guidelines on tampering can also lead to substantial fines and penalties. Screamin’ Eagle® Performance products are intended for the experienced rider only.

IMPORTANT—PLEASE READ: We have tried to make this catalog comprehensive and factual.
