# C. COLOR-MATCHED CAFÉ CUSTOM TAIL SECTION

Create your own link to the Sportster®-based racing and performance bikes of the '60s and '70s. This fast-back solo seat and tail section pays homage the look and feel of the iconic 1977-78 Harley-Davidson® XLCR Café Racer model, and reimagines the style for the modern era. The Tail Section is a true bolt-on design that wraps the fender struts, so unlike other café bike kits, there is no cutting, welding or frame modifications required. Installation is reversible – you can return easily your bike to the stock look. The included Café-style seat provides the perfect lay-down aggressive riding posture for splitting lanes or carving corners. The seat's upturned tail and longer nose positions the solo rider closer to the tank for better weight balance, quicker steering and added front-end feedback. This Tail Section and Seat are ideal for use with Clip-On or Sportster Clubman Handlebars and mid- or rear-set foot controls (sold separately). The complete kit features a sweeping composite tail section with a steel inner support, a deep solo bucket seat with backstop pad, and all necessary installation hardware.

Fits '10-later XL883N, XL1200CX, XL1200N, XL1200NS, XL1200V, XL1200X and XL1200XS models. Separate purchase of License Plate Bracket Kit P/N 67900360 for Canada models or P/N 67900359 for HDI models is required.
