Twin Cam Updates

- ▶ '99-'02 Twin Cams (with early model Timken output shaft bearings) are updated to late model roller bearings. These specific fitments require a change to the proper sprocket shaft spacer mounted on the output shaft
 - 2003 Dyna® Spacer P/N 24038-03 – 1.333" (for '99-'02 Dyna® models)
 - 2003 Softail® Spacer P/N 24039-03 – 1.431" (for '00-'02 Softail® models)
 - 2003 Touring Spacer P/N 24008-03 – 1.5395" (for '99-'02 Touring models)
- ▶ '99-'05 Twin Cams require the intake flanges to be upgraded to P/N 26993-06

Engine Cover Kits

Finish your LongBlock engine installation in style. Kit includes two upper and lower rocker box covers and matching cam cover.

Fits '01-'17 Dyna, '01-'17 Softail® and '01-'16 Touring (Except '01 EFI Touring) and '09-'16 Trike models.

92500025	Chrome
92500026	Gloss Black
92500027	Wrinkle Black

**These displacement upgrades are eligible for customers who have previously purchased street-compliant Big Bore displacement and are looking to replace that engine.
(North America market only)*

LongBlock Financing Program

Replacing an engine is a major repair that requires a sizable investment from your customers. Yet, many owners choose to have their engine replaced because they are not ready to sell or trade-in their motorcycle. To assist these customers, Harley-Davidson Financial Services (HDFS) is now offering a special LongBlock Financing Program. For details please refer to the documents located on h-dnet.com through the following paths:

- ▶ Departments / Finance & Insurance / Program Materials / LongBlock
- ▶ Departments / Parts & Accessories / Program Materials / LongBlock Program

NOTE: 100th Anniversary '03 models will not include the 100th Anniversary logos in the crankcase.
